

SIMUT

COMPACT ULTRASOUND SYSTEMS

The PORTA 200 series is not only portable,
but also built for performance.

PORTA 200 SERIES

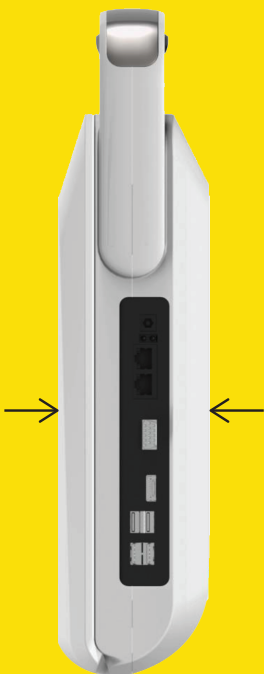

PORTA 200 SERIES

**THE PORTA 200 SERIES IS NOT ONLY PORTABLE,
BUT ALSO BUILT FOR PERFORMANCE.**

This device provides high-quality images in a compact design, which enhances the confidence of medical professionals in making accurate diagnoses on the first try.

It offers various ultrasound solutions that cater to different medical specialties such as general imaging, cardiology, obstetrics and gynecology, and point of care.
